10 March 2025

**Primary - British Science Week 2025:
Poster and Leaflet Design Competition**

Dear Parents/Carers

We are excited to announce a creative competition to celebrate British Science Week 2025! As part of this special event, we are inviting all learners to design a poster or information leaflet about any area of science that interests them. This is a fantastic opportunity for learners to explore different scientific topics and share their knowledge in a fun and creative way!

Competition Details:

- **Topic:** Choose any area of science that fascinates you – from space exploration, the human body, animals, plants, forces, plastic pollution, renewable energy, to exciting discoveries in technology. The choice is yours!
- **Design Your Entry:** Whether you create a poster or an information leaflet, make sure it is colourful, clear, and informative. Include interesting facts, drawings, or diagrams that help explain your chosen topic.
- **Who Can Enter:** All learners are welcome to participate. Please ensure your child's name and class are on the back of the entry.

Competition Timeline:

- **Submission Deadline:** Friday 14 March 2025. Please hand any entries to the class teacher
- **Prizes:** There will be exciting prizes for the best entries.
- **Examples below** (but please feel free to use your imagination when presenting):

Good luck and have fun designing your poster or leaflet!

Yours faithfully

E. Holmes
